Institutional Best Practices

1. Title of the Practice: Promotion of Research

2. Objectives of the practice:

- To encourage the faculty to pursue Ph. D and further research.
- To undertake guideship to create more number of research scholars.
- To establish more number of research centres.
- To motivate the faculty to apply for the major and minor research projects to UGC, ICSSR, DST, BCUD, SP Pune university etc.
- To Establish linkages and collaborations with other institutions/industries and universities in and abroad for research.
- To Create Instrumentation Facility Centre (IFC) with the help of DST-FIST, UGC etc.
- To encourage faculty members to participate and present their research papers in National and International Conferences/Seminars/Workshops/symposia.
- To organize seminar/conferences/workshop on research theme.
- To publish quality research articles in UGC listed journals, journals with good repute/impact factor.
- To publish quality academic and research books.
- To provide incentives and seed money to teachers and students scholars for research activities.

3. The Context:

For the development of any country, the science and technology play a pivotal role. India is being a developing country, promotion of research is very crucial. In any higher educational institutes, knowledge creation is as important as knowledge transfer. This could be achieved, only by enabling the researchers to continue focused on their core research work with a support system helping them to gain the necessary funding, to obtain the required facilities and dedicate adequate time for their research activities. The repute of any educational institution rests on Teaching-Learning-Research and innovations.

Therefore promotion of research is need of the time. College initiates research activities through the motivation, incentivization and providing basic research facilities to faculty and students.

4. The Practice:

- The institution has a Research Advisory Committee and Academic Research Coordinator for promoting research culture among the staff and students on the campus.

- Faculty members are encouraged to participate and present their research papers in National and International Conferences/Seminars/Workshops/symposia for which college provides TA/DA and duty leave.

- Faculty members are motivated to apply for research grants to different funding agencies.

- College provides seed money and incentives to faculties for research activities.

- The college has established Instrumentation Facility Centre (IFC) under DST-FIST scheme.

- College provides computing and internet facility, e-journals, INFLIBNET, DELNET etc. for research scholars and teachers.

- Students are encouraged to participate in AVISHKAR and Science Talent Search examination for developing their research attitude.

- College organizes seminars/conferences/workshops on research themes.

- College provides Study Leave Facility to the teachers pursuing their Ph. D/M. Phil degree.

- The college has established linkages and MoU's with Institutes/Industries for research and training etc.

5. Evidence of Success:

After the implementation of the promotion of research as a best practice our college has observed successful outcomes in research in past few years. The achievement in the field of research is the main indicator of excellence in research accomplished at the college.

- Presently in the institute's 29 faculty members are pursuing Ph. D degree. College has research centres for Ph. D and M. Phil. for the subjects Marathi and Economics. 13 faculty members are recognized research guides/ supervisors in various subjects and 27 students have completed/submitted Ph.D. thesis under

their able guidance. The college teachers have published 172 (64 papers in current approved list of UGC) research papers in the journals notified by UGC and 61 books/chapters in various publications during the last five years.

- College has organized 32 Seminars/Conferences/ Workshops from last five years.

- Financial supports are provided to faculty for attaining Seminars /Conferences/Workshops etc.

- The college has successfully organized Rayat Vidnyan Parishad in collaboration with Tata Institutes of Fundamental Research, Mumbai (TIFR) in 2014 for promotion of research amongst school children's, teachers and college students.

- The college has established 82 linkages and 38 MoU's for research, student training, and job on the training.

- Students participated in Avishkar research competition, and science talent search examination.

- The college has established Soil and Water testing laboratory, recognized by Govt. of Maharashtra and generated Rs. 691068/- consultancy through testing soil samples under **Soil Health Card** scheme by Department of Agriculture and Farmer welfare, Govt. of India.

6. Problem Encountered and Resources Required:

- Continued motivation of student and faculty is always a challenged.
- Skilled and trained person required in Instrumentation Facility Centre (IFC)
- Laboratory facility needs to be strengthened.
- Challenge of plagiarism in research.
- Fewer funds for research projects from UGC, BCUD, S. P. Pune University, Pune etc.
- Less budgetary provision for research activities from college fund.

II. Title of the Practice: Green Campus Initiatives

1. Objectives of the Practice:

We have identified the following objectives which are in tune with the practice

1. To promote awareness of environmental issues among students, staff and society.

2. To achieve better sustainability on the campus and improve the quality of life of all the stakeholders.

3. To conserve water resources through rain water harvesting.

4. To plant rare and medicinal plants on the college campus

5. To implement 3 'R' (Reduce/Reuse/Recycle) policy on the campus.

6. To use renewable energy resources (solar energy).

7. To study and maintain Flora and Fauna on the college campus.

8. To support and implement "*Swachh Bharat Abhiyan*" for healthy India

9. To organize seminars/workshops, expert lectures etc. on environment related issues.

2. The Context:

Clean environment is the basic necessity for human being for health and efficiency. The main aim of the practice is to impart knowledge, create awareness, develop an attitude of concern and to nurture necessary skill to handle the environment issues and challenges. The semi-urban region and green landscaping of R. B. Narayanrao Borawake College has the necessary features for shaping and sustaining an eco-friendly campus. The college is spread over 42.27 acres of lush green area. The campus is an abode of wild life species such as Horn Bills, Chameleons, Parrots, Squirrels, cats, Owls, Hamming Birds, Sunbirds, Pigeons, Sparrows, and Kingfisher etc. This has provided the context for initiating and imparting the practice for eco-friendly campus.

3. The Practice:

- The college conducts periodically green audit by external peer. The objective of the green audit is to promote the Environment Management and Conservation in the college campus and introduce and aware students to real concerns of environment and its sustainability. We have undertaken a program to label the plants of college campus. The college is developed beautiful campus with lawns, ornamental garden, botanical garden, Cactus garden as well as Tamarind, Amla, teak projects.

- Department of Zoology has developed Vermi-composting unit in campus. The objective is to create awareness of the waste management and reduce organic waste from the college campus and produce economically important Vermi-compost.

- Recharge pits are constructed on college campus for harvesting the rain water and it is beneficial for bore well recharge.

- Since last five years college is using renewable energy like solar energy for water heaters at both girls and boys hostels. Solar street lights along road side on campus is also installed and used efficiently. Recently college installed solar power generation plant of 43 kWh.

- The college has prepared Flora and Fauna of the campus

- The college has been installed Effluent Treatment Plant (ETP) for the treatment of effluent generated from chemistry laboratories.

- From last five years Rs. 56. 49 (Lakh) has been incurred on green initiatives and waste management on the campus.

- For proper disposable of raw glass material and raw papers (Raddi) institution has made the MoU's with Amol Scientific Glass Works, Babhaleshwar Tal. Rahata and Karimbhai Raddiwala Depo, Shrirampur respectively for proper recycling and reuse.

- Sign boards/posters are displayed within the college campus for encouraging ideas of plastic free campus and noise pollution.

- The college organizes seminars/workshops, expert lectures etc. on environment related issues

- Led bulbs are installed in college buildings to save electricity.

- College is observing '**No Vehicle Day'**.

- Energy audit of consumption of electricity in the college is conducted during the academic year 2016-2017 by Aditi Engineering Services, Nashik. The objective of the audit is to identify energy consumption and conservation opportunity.

- Fire safety audit for fire prevention and electrical safety in the college campus conducted during the academic year 2017-2018 by Fire Cools, MIDC, Shrirampur. The objective of audit is to identify all significant fire hazards and evaluate the existing control measures.

4. Evidence of the Success:

This best practice has proven to be successful through the following activities:

- Through periodical tree plantation Flora and Fauna on the campus has enriched, which has turn in to eco-friendly campus.

- Out of total required electricity power consumption 71.02% is met through the use of solar power generation plant, solar water heaters and solar street lights.

- Awareness campaign for plastic free campus through sign boards/display boards made campus plastic free.

- Through Effluent Treatment Plant (ETP) effluents from Chemistry laboratory are recycled and treated water is utilized for different purposes. This has led to water conservation and minimization of environmental pollution on the campus.

- Vermi-composting units helped us to converts solid waste to organic fertilizers which has minimized the solid waste pollution on the campus.

- College has introduced UGC funded Career Oriented Courses such as Vermi-composting and Rain Water Harvesting in last five years.

- **No Vehicle Day** helps us to minimize the air pollution.

- Through workshops/ seminars/expert lectures/ NSS/NCC activities students are made aware of environmental issues.

- Green audit and Energy audit of the campus is done periodically

- A mandatory course on Environmental awareness at S.Y.B.A/B.Sc level and Green Chemistry Practicals for M.Sc, Part-II (Organic Chemistry) is offered by S. P. Pune University, Pune.

## 5. Problems Encountered And Resources Required:

While carrying out this practice, following problem are encountered by the college.

- Green Campus initiatives are challenging and require determination and a long term assurance from all the stake holders.

- Green Campus initiative is an expensive practice. It needs expert advice and investment of resourses.

- Minimum financial support from college and various funding agencies.

- Less awareness of students and community towards environment.
