7. Maintain your Social Media

- Nowadays, recruiters check social media profiles of the candidates before calling them for the interviews. Being a fresher who has just graduated from college, it is quite possible that you may have some stuff on your social accounts that you might not want recruiters to see. Be cautious of what you post on your social media profiles, check the Face book posts you are tagged in and untag yourself from the ones that look unprofessional.

5. Research the Company

- Fresher's must research the company before the job interview. Having no knowledge about the company is one of the biggest turn-offs for the hiring managers.
- Help you answer a number of interview questions such as:-
 - What do you know about our company?
 - Why do you want to work for us?
