

# **Memorandum of Collaboration for Faculty Development**

Between

**Rayat Shikshan Sanstha, Satara**

**And**

**Indian Institute of Science Education and Research  
(IISER), Pune, through the Maharashtra State  
Development of Educators and Enhancement in Delivery  
(MS-DEED) Program supported by the Maharashtra  
State Faculty Development Academy (MSFDA)**

In accordance with a mutual desire to promote faculty development activities in education field between the Indian Institute of Science Education and Research (IISER), Pune's Maharashtra State Development of Educators and Enhancement in Delivery (MS-DEED) Program funded by the Maharashtra State Faculty Development Academy (MSFDA) and Rayat Shikshan Sanstha, Satara (including 43 higher education institutions as mentioned in Annexure I), the two institutions agree to the following statement of intent on faculty members training.

The Indian Institute of Science Education and Research (IISER) Pune is a premier institute dedicated to research and teaching in the basic sciences; whereas Rayat Shikshan Sanstha, Satara is one of the leading educational institutions in Asia devoted to the dissemination of education for knowledge, science and culture among the masses. Both the institutions believe that a favorable environment for modern, effective and community-oriented development in the academic fraternity is the need of the hour through pedagogical training to teachers as well as hands-on science education to students and teachers at various levels. This collaboration aims at:

- Improving the quality and engagement of faculty in the preparedness for NEP 2020
- Excelling the teaching fraternity for effective and outcome-oriented classroom and lab engagement
- Helping the teachers with skills in areas of scientific inquiry and problem-solving
- Motivating the teachers to imbibe critical thinking abilities among their students
- Improving individual output for sustainable development of the community

To achieve these objectives, the two institutions agree to cooperate in the following manner:

Level 1:

1. MS-DEED team of IISER, Pune, will conduct training sessions for all arts, commerce, science and mathematics faculty members of higher education institutes of Rayat Shikshan Sanstha, Satara.
2. These sessions will be organized at Satara, Kolhapur, Sangli, Solapur, Ratnagiri, Ahmednagar, Raigad, Thane, Palghar and Pune divisional centers of Rayat Shikshan Sanstha, Satara.
3. These faculty development/training sessions will be two to three days, with synchronous and asynchronous engagement.
4. Rayat Shikshan Sanstha, Satara will identify and nominate between 100-150 teachers of higher education institutes from the above-mentioned divisional centers and other institutes and colleges from the region for each workshop. MS-DEED team of trainers will conduct the sessions and carry out the assessment.

5. For the financial commitments, the expenses for content development, resource person travel and honorarium will be borne by MS-DEED programme. The expenses for these training sessions, including workshop venue and food arrangements, participant travel, lodging and boarding (whenever applicable), will be borne by Rayat Shikshan Sanstha, Satara. Whenever applicable partial financial support will be requested from MS-DEED IISER Pune.
6. Rayat Shikshan Sanstha, Satara will appoint a person of contact for effective communication with the MS-DEED coordinator.

Level 2:

1. From the Level 1 training, the MS-DEED team, with support from Rayat Shikshan Sanstha, Satara, will select motivated participant teachers for the advanced training at IISER, Pune.
2. This training will be scheduled for ten days. The expenses, including venue, resource person travel, lodging and boarding of participants, will be incorporated, as appropriate, within the ongoing MS-DEED programmes of IISER, Pune.

Since the understanding is on a principal-to-principal basis, both parties agree that all logistic and financial arrangements necessary to implement this collaboration or any subsequent linkages must be made by each institution. Both parties agree that a nominal registration fee will be charged to the participants as mandated by MSFDA exclusive to the financial arrangements mentioned above. Both parties recognize that this collaboration establishes a foundation of mutual understanding and interest and does not in itself entail any financial obligations to either organization.

This collaboration shall be effective from the date it is signed by the parties hereto. The duration of the collaboration will be initially for a period of three years from the effective date, unless or otherwise terminated earlier.

This agreement may be amended with the consent of both institutions through a written addendum executed by authorized individuals from both institutions.

**Tour Report**  
**2022-2023**

In the Academic year, R.B.N.B. College, Shirampur, department of Zoology arranged an excursion tour for the students of S.Y.B.Sc. Class under the Add on course- Quality analysis of food. This tour was arranged on 13 April 2023 for educational purpose at “**Baswant Honeybee Park And Training Center**,Baswant Pimpalgaon . For this tour 41 Students of S.Y.B.Sc. Were actively participated. Along with them there were 4 faculty members.

On the day of excursion we gathered at 5.30 am at our college gate and we left for the tour sharp at 6.30 am. As we reached at Baswant Pimpalgaon about 10:30am. At 11:00 am to 1:00 pm we first visited Baswant Honey Park and Training Center. Then we finished our breakfast, after that we gathered at cinema hall for a honey bee film. In this film how the honeybees collect pollen and nectar from the surrounding environment and how they manufactures wax and honey, the whole process shown by a fully animated movie. It was very interesting film. All the student enjoyed it very well. Baswant honeybee Training Centre is developed for the purpose of spreading pollination by providing beekeeping training to the farmers, students and for generating employment for the beekeepers. This information is also given through videos.

After successively visited to the Baswant Honey Park and Training Centre , we all gathered for lunch. Then we went to see next visit towards the ‘Baswant Garden to see the food processing unit and Severgaon-Model city at 2.00 pm. In the Baswant Garden there is a variety of food processing industry has been set up. These includes Raisins unit, Honey processing unit as well as various fruit processing like jams, ketchup and chocolates .Each type has its own health benefits as well.

After that we move to the Baswant garden Sport zone, In this garden gives lots of entertainment and knowledge to students in other zone .Sport zone is specially developed to get some enjoyment while playing the conventional as well as new games. Different games played by students which is the most attraction point of this zone. Our students play a variety of sports including golf, archery, shooting, tug-of-war, Lingorcha, and soldier net.

After this, we began our journey to our hometown, at our college. We all reached safely and happily at 10.00 pm. For this tour, we received proper guidance of our HOD Mrs. Adhav U.K. and a great support of our Hon. I/c. Principal Dr.P.V. Badadhe , We thank both of them for their valuable support

### Study tour at Solar Steam Cooking System

### Report

Date: 24/02/2023

On February 24, 2023, a one-day study tour of solar steam cooking system was organized by 'Photonics Club' of Dept. of Physics of R.B.N.B College Shrirampur. Solar steam cooking system is an innovative and sustainable solution to the problem of energy scarcity and environmental pollution. The purpose of the tour was to provide students with practical knowledge about solar energy and how it can be attached for cooking purposes. The tour included a visit to a solar steam cooking system project located in a **Shri Saibaba Sansthan Trust, Shirdi, Ahemdnagar.**

Parabolic Solar Concentrator

Information by Operator

35 UG and PG students were actively participated in this study tour. Mr. Sharad Shirole, Incharge of Mechanical Department of Shri Saibaba Sansthan Trust, Shirdi, Ahmednagar provides proper instructions on how to visit a solar steam cooking system. The detail information about solar cooking system is given by operator **Mr. Ganesh Rukari**. Individual study tour report collected from students and issued certificate of participation to students. Faculty members of department of Physics made valuable contribution to the success of this tour. The study tour of solar cooking systems provided valuable insights into the practicality and effectiveness of this innovative technology.

This report outlines the findings of the study tour, including the advantages and disadvantages of solar steam cooking systems. The most significant limitation is that they are dependent on the availability of sunlight. Despite some limitations, solar cooking systems offer many advantages, including environmental friendliness, affordability, and health benefits.
