About the Rayat Shikshan Sanstha:

Rayat Shikshan Sanstha, Satara founded by late Padmabhushan Dr. Karmaveer Bhaurao Patil in 1919, is one of the leading educational institutions in Asia. Karmaveer being the greatvisionary, worked with a motto **"Education through Self Help"**. The value of its contribution to education in general is enormously great as it has, from the very beginning, tried all its best to lay emphasis on the education of the down-trodden, the poor and the ignorant that really form the major bulk of society. The founder of the institution, late Dr. Karmaveer BhauraoPatil, was a man of the masses who devoted all his mind and heart to the cause of their education. He had an incisive understanding of the social ills that beset his times and fully realized the dire need of the spread of education. He believed that education alone could correct the social ills such as caste-hierarchy, money-lending, illiteracy, un-touchability, superstitions and social and economic inequality. Throughout his life he tried to translate this belief into reality. RayatShikshanSanstha spread over 15 Districts of Maharashtra and one District in Karnataka having 673 branches including 43 senior colleges, around 4.5 Lakh of students are benefitted educationally.

About the College:

R. B. Narayanrao Borawake College was established in June 1960 as a branch of Rayat Shikshan Sanstha, Satara. The college has attractive campus spread over area of 42.37 acres of land in the vicinity of Shrirampur town. It provides quality higher education in Arts and Science streams at Graduate, Post-Graduate and Research level.Several major and minor research projects are undertaken by faculty resulting in a number of publications in National and International Journals. Every year institute imparts education to more than four thousands students. TheCollege reaccredited 3rd Cycle with ' A+' Grade by NAAC with CGPA 3.44in April, 2019.

College achieved milestone such as:

- NAAC Reaccredited 3rd Cycle ' A+' Grade (CGPA 3.44)

15. Justification of Course /Objectives	In this course Students will learn how to set up your database and start exploring different ways to search, create, and analyse data with MongoDB. Students will cover database performance basics and visualizing your data. It would help in practical development of Practical Skills of Students. The course is implemented to understand the Concepts behind Advanced database Technologies. It helps to understand how big data is handled in Databases

16. Enter outcomes for students after completion of course	• Students will understand how big Data are handled using Advanced Databases • Students will understand How MongoDB is used store structured or unstructured data. • MongoDB allows programmer to be stores data in JSON-like documents with dynamic schema. • MongoDB works best with unstructured data, so it's great for Big Data systems. • How CRUD Operation manages Big data Systems • Map-reduce Provides data processing paradigm for condensing large volumes of data into useful aggregated results.

Learning Advanced Database Concepts Question Paper

Time: - 1Hour   **Total Marks 50**

Attempt all Question each carry 2 marks

1. Amongst which of the following is / are true about MongoDB?

    A. MongoDB is a cross-platform database
    B. Document oriented database
    C. High performance database
    D. All of the mentioned above

2. The data model available within MongoDB allows us to represent ___.

    A. Hierarchical relationships
    B. Able to handle complex structures
    C. Both A. and B.
    D. None of the mentioned above

3. MongoDB is one of the leading NoSQL databases?

    A. True
    B. False

4. A record in MongoDB is a ___.

    A. Document
    B. Table
    C. Application
    D. None of the mentioned above

5. MongoDB stores documents in ___.

    A. Store
    B. Collections
    C. Indexes
    D. None of the mentioned above

6. The Collections screen ___ the existing collections.

    A. Lists
    B. Package
    C. Network

D. None of the mentioned above

7. The Collections screen displays ___ for each collection in the selected database.

    A. Collection name
    B. Number of documents in the collection
    C. Both A. and B.
    D. None of the mentioned above

8. A document is a set of ___.

    A. Key-value pairs
    B. Application pairs
    C. Activity pair set
    D. None of the mentioned above

9. Aggregation's operations process data records and return computed results.

    A. True
    B. False

10. Amongst which of the following is / are true about the authentication ___.

    A. It is a process of verifying the identity of a client
    B. It is a process of verifying network
    C. It is a process of verifying the database
    D. None of the mentioned above

11. Amongst which of the following is / are the client and user authentication mechanisms in MongoDB.

    A. SCRAM-SHA-1
    B. MongoDB Challenge and Response (MONGODB-CR)
    C. Both A. and B.
    D. None of the mentioned above

12. Keyfile and X.509 are the internal authentication mechanisms in MongoDB.

    A. True
    B. False

13. The document structure is more in line with how developers construct their ___.

    A. Network and security

B. Classes and objects
C. Tables and relations
D. None of the mentioned above

14. **Cursor is a pointer to the result set of a ___.**

A. Query
B. Table
C. Dataset
D. None of the mentioned above

15. **Field is a name-value pair in a ___.**

A. Attribute
B. Table
C. Document
D. None of the mentioned above

16. **MongoDB supports searching by ___.**

A. Field
B. Range queries
C. Regular expression searches
D. All of the mentioned above

17. **Indexes can be created to improve the performance of searches within ___.**

A. MongoDB
B. NoSQL
C. Both A. and B.
D. None of the mentioned above

18. **MongoDB can provide high availability with replica sets?**

A. True
B. False

19. **The data in MongoDB has a flexible schema?**

A. True
B. False

20. **NoSQL is not a ___.**

A. Relational database
B. Network database
C. Communication set
D. None of the mentioned above

21. During the year ___, Dwight Merriman, Eliot Horowitz, and Kevin Ryan developed MongoDB.

    A. 2007
    B. 2008
    C. 2009
    D. None of the mentioned above

22. MongoDB was first developed by ___ Software in 2007.

    A. 9gen
    B. 10gen
    C. 12gen
    D. All of the mentioned above

23. Amongst which of the following is / are show the need of MongoDB technology –
    A. No downtime while the application is being scaled
    B. Exceptional scalability feature
    C. No downtime while the application is being scaled
    D. All of the mentioned above

24. MongoDB meets the business requirements by –

    A. It provides the right mix of technology and data for competitive advantage
    B. It increasingly accelerated the time to value and lowered the total cost
    C. It builds applications that are just not possible with traditional relational databases
    D. All of the mentioned above

25. Due to Distributed Data Platform, MongoDB can be run ensuring new levels of availability and scalability –

    A. True
    B. False

 Department of Computer Science had organized add-on course on "Data Science in Real Life" in the month of 03/04/2023 to 06/05/2023. student from S.Y.B.Sc. Computer Science completed the program successfully .
The feedback from student was excellent.

Course Outcome:

1. Explore the fundamental concepts of data science Understand data analysis techniques for applications handling large data

2. Understand various machine learning algorithms used in data science process

3. Visualize and present the inference using various tools.

MCQ for Google form

1. Data science is the process of diverse set of data through?
A. organizing data
B. processing data
C. analysing data
D. All of the above

View Answer

Ans : D

Explanation: Data science is the process of deriving knowledge and insights from a huge and diverse set of data through organizing, processing and analysing the data.

2. 1. Pandas is an open-source _____ Library?
A. Ruby
B. Javascript
C. Java
D. Python

View Answer

Ans : D

Explanation: Pandas is an open-source Python Library providing high-performance data manipulation and analysis tool using its powerful data structures.

3. Which of the following language is used in Data science?
A. C
B. C++
C. R
D. Ruby

View Answer

Ans : C

Explanation: R is free software for statistical computing and analysis.

4. Which of the following is false?
A. Subsetting can be used to select and exclude variables and observations
B. Raw data should be processed only one time.
C. Merging concerns combining datasets on the same observations to produce a result with more variables
D. None Of the above

View Answer

Ans : B

Explanation: Raw data may only need to be processed once.

5. What is the work of Data Architect?
A. utilize large data sets to gather information that meets their company's needs
B. work with businesses to determine the best usage of the information yielded from data
C. build data solutions that are optimized for performance and design applications
D. All of the above

View Answer

Ans : C
Explanation: Data Architect: Data architects build data solutions that are optimized for performance and design applications.

6. Which of the following is correct skills for a Data Scientist?
A. Probability & Statistics
B. Machine Learning / Deep Learning
C. Data Wrangling
D. All of the above

View Answer

Ans : D

Explanation: All of the above is the correct skills for a Data Scientist.

7. Which of the following are correct component for data science?
A. Data Engineering
B. Advanced Computing
C. Domain expertise
D. All of the above

View Answer

Ans : D

Explanation: All are correct component for data science

8. Which of the following is not a part of data science process?
A. Discovery
B. Model Planning
C. Communication Building
D. Operationalize

View Answer

Ans : C

Explanation: Communication Building is not a part of data science process.

9. Which of the following are the Data Sources in data science?
A. Structured
B. UnStructured
C. Both A and B
D. None Of the above

View Answer

Ans : C

Explanation: Structured and Unstructured data. Like logs, SQL, NoSQL, or text

10. Which of the following is not a application for data science?
A. Recommendation Systems
B. Image & Speech Recognition
C. Online Price Comparison
D. Privacy Checker

View Answer

Ans : D

Explanation: Privacy Checker is not a application for data science

11. Point out the correct statement.
A. Raw data is original source of data
B. Preprocessed data is original source of data
C. Raw data is the data obtained after processing steps
D. None of the above

View Answer

Ans : A

Explanation: Accounting programs are prototypical examples of data processing applications.

12. Which of the following is one of the key data science skills?
A. Statistics
B. Machine Learning
C. Data Visualization
D. All of the above

View Answer

Ans : D

Explanation: Data visualization is the presentation of data in a pictorial or graphical format.

13. Which of the following is a key characteristic of a hacker?
A. Afraid to say they don't know the answer
B. Willing to find answers on their own
C. Not Willing to find answers on their own
D. All of the above

View Answer

Ans :B

Rayat Shikshan Sanstha, Satara founded by late Padmabhushan Dr. Karmaveer Bhaurao Patil in 1919, is one of the leading educational institutions in Asia. Karmaveer being the greate visionary, worked with a motto **"Education through self help"**. The value of its contribution to education in general is enormously great as it has, from the very beginning, tried all its best to lay emphasis on the education of the down-trodden, the poor and the ignorant that really form the major bulk of society. The founder of the institution, late Dr. Karamaveer Bhaurao Patil, was a man of the masses who devoted all his mind and heart to the cause of their education. He had an incisive understanding of the social ills that beset his times and fully realized the dire need of the spread of education. He believed that education alone could correct the social ills such as caste-hierarchy, money-lending, illiteracy, untouchability, superstitions and social and economic inequality. Throughout his life he tried to translate this belief into reality. Rayat Shikshan Sanstha spread over 15 Districts of Maharashtra and one District in Karnataka having 673 branches including 42 senior colleges, around 5.5 Lakh of students are benefitted educationally.

About the College

R. B. Narayanrao Borawake College was established in June 1960 as a branch of Rayat Shikshan Sanstha, Satara. The college has attractive campus spread over area of 42.17 acres of land in the vicinity of Shrirampur town. It provides quality higher education in Arts and Science streams at Graduate, Post-Graduate and Research level.

College runs 16 UG, 12 PG and 2 Research programs and also 22 different short term courses and 3 UGC carrier oriented courses. Several major and minor research projects are undertaken by faculty resulting in a number of publications in National and International Journals. Institute imparts education to more than four thousands students.

College achieved milestone such as:

- Best College award of S. P. Pune University, Pune
- Rayat Mauli Award of Rayat Shikshan Sanstha, Satara
- NAAC reaccredited A+ grade (CGPA: 3.44)
- DST-FIST sponsored college
- ISO 9001:2008 certified college
- Karmaveer award of Rayat Shikshan Sanstha, Satara

Department of History

Department of History is established in the year 1960. History as a special subject (UG) was introduced from 1972. The post graduate department of History started in 1994. The faculties Dr. Prof. S. P. Khilari, Prof.R.P. Pardhi, Prof. Smt. S. R. Lagad (CHB) are working as a UG teachers as well as PG teachers.

At present faculty of the department is very much engaged in research activity and has been sanctioned with three projects of University Grant Commission (UGC), Western Regional Office, Pune. Dr. S. P. Khilari have been sanctioned for the project "Swatrantryottar Kalatil Takali Dhokeshwar Gawacha Samajik Arthik, and Rajkiy, Itihas". Department has organized various guest lectures and lecture series for UG and PG students.

Miss. Gitanjali Shivram Sonawane qualified for NET in June 2013 and Mr. Bhima Digamber Shinde qualified for SET in Dec. 2013 and NET June 2014, Prof. Surekha Ramdas Lagad qualified for SET in Aug. 2019.

About the Course

Modi is one of the scripts used to write the Mararthi Language, witch is the primary language spoken in the state of Maharashtra in western India. Modi was a script used to write Marathi for an estimated 700 years. Modi was one of the most important script of medieval Maharashtra. All Historical document of Ch. Shivaji Maharaj and Peshwas are written in Modi. Modi is like a short hand.

Earlier, in Maharashtra, documents regarding Land Revenue, Judiciary, Justice, Donation of Land (Dan-Patra), Religious matters, Jahagir, vatan, Military orders etc. were written in Modi. Research of this medieval document is not possible without having proper knowledge od Modi script.

Language Laboratory

Title of the Practice: **Date:** 20-08-2022

1.

    Career Enhancement through Language Laboratory

2. **Goal:**

The career guidance is an important activity in the life of the students. With the intention to make students aware of the avenues available after the Graduation by providing exposure to different career paths, the Department of English has taken initiative in conducting the best practice for Career Enhancement through Language Laboratory.

The main objectives of the Language Laboratory are:

1. To equip and enhance the students with good communication skills.
2. To make them aware of the need of English in the technical and competitive world.
3. To prepare them for interviews and future job environments and opportunities.
4. To make the students competent enough to build and develop overall personality through communicative English
5. To enrich and enhance the written skills of the students.

3. **The Context:**

It is observed that language laboratory is the best medium to train students. Technology is bringing innovative changes in language laboratory and thus language laboratory is getting equipped with various language learning softwares. Now, English Language Laboratory is not the stockpiles of cassette tapes, CD players and microphones that some of the students experienced a decade ago. But, there are computer rooms with designed software to give students a unique and customizable learning experience.

Language Laboratory at the college is well equipped to foster and facilitate effective language learning. The use of the Interactive English software along with headsets with microphone is very useful for the students. These interactive tools are designed to enhance not only language teaching but also listening, speaking, reading, writing, class room grading and placement skills learning. The content meets the language learning needs of all different levels of proficiencies of the students.

4. The Practice:

India is becoming a global economy. The IT companies, educational institutes and media are conspicuously focusing on English language skills of the candidates. Employers do not expect candidates to be proficient in English with a rich and cultivated vocabulary. But, they expect from them is to have good sense of the language skills while communicating. With beautiful dreams and high spirits the students enter into the Graduation. They set their own goals, and take hard efforts in achieving them and getting placed in to a reputed organization which adds flavor to their life journey.

The college has well-furnished and a licensed Multilingual Interactive ETNL Language Laboratory Software (4.0 Version) in the department of English. The language lab is having one teacher console and 40 student consoles with necessary electronic equipments, like- L.C.D Projector, Smart Board, etc. The laboratory is effectively utilized by the students and faculty members for self-enhancements. The students of Functional English and Special English classes are using it for developing communication skills in reading, writing, speaking and listening, with the emphasis on grammar and vocabulary. This also facilitates to the teacher to conduct tests and assignments to evaluate the students' comprehension.

The language laboratory focuses computer-aided multi-media instructions and language acquisition to achieve the following goals

- To expose the students to a variety of self-instructional, learner friendly modes of language learning.
- To enable them to learn better pronunciation through stress on word accent, intonation, and rhythm.
- To train the students to use language effectively to face interviews, group discussions and public speaking.
- To enhance the attention and listening skills of the students and train them linguistically fluent.
- To cope up with the education system and help the rural, non- English background students for career building.

The students of FYBA performed on the activity of Power Point Prsentation. Through this activity students understood how to do presentation and to convey the ideas before the audience

The students of SY BA performed on the activity anchoring a Programme. Through this activity students understood how to do anchoring and handle the programme.

English language laboratory practice:
- ➢ Introduction to Phonetics.
- ➢ Introduction to Vowels and Consonants and associated Phonetic symbols.
- ➢ Introduction to Accent, Intonation and Rhythm
- ➢ Situational Dialogues/Role Play
- ➢ Debate
- ➢ Public Speaking
- ➢ Group Discussions
- ➢ Facing Interviews
- ➢ Resume preparation
- ➢ e- Correspondence

English Language and Communication Skills related laboratory sessions:
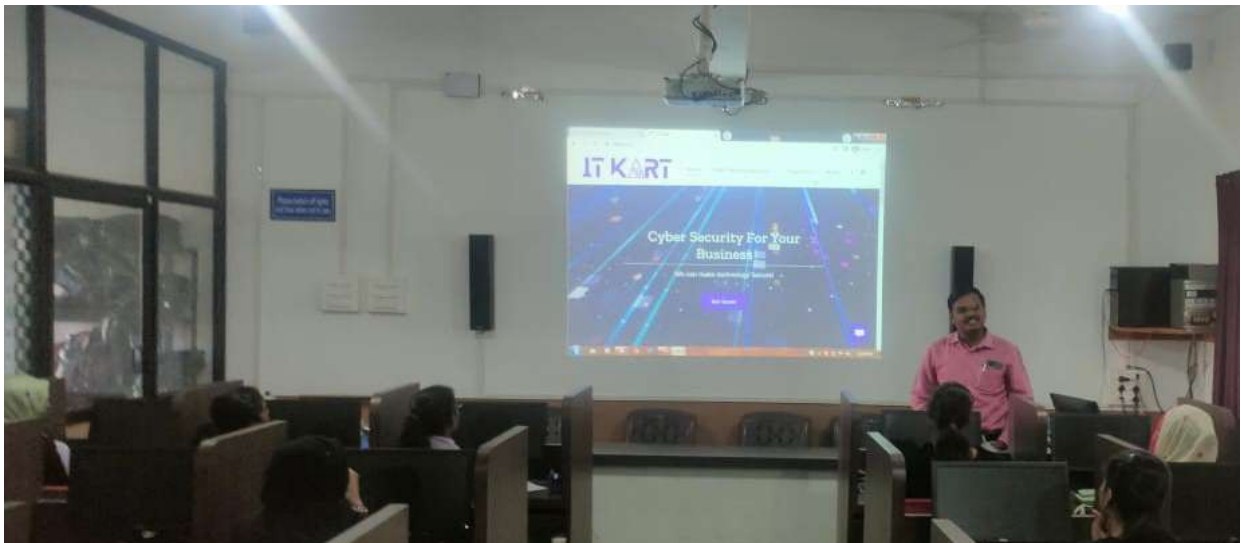

1. Grammar of English Language: Practice and Exercises
2. Vocabulary Building Skills
3. Active Listening Skills
4. Introduction to Phonetic Sounds
5. Reading Comprehension
6. Business Letter Writing
7. Oral Presentations (Self Introduction, Extempore, Public Speech, Formal Presentation, Use of Audio-Visual Aids, etc.)
8. Group Discussion (Structured and Unstructured)
9. Mastering Presentation Tools (Microsoft Word and Power Point)
10. Preparation of and Appearing for the Interview
11. Situational Conversations
12. Understanding Importance of Body Language

Details of language laboratory:

Software: Multilingual Interactive ETNL Language Laboratory Software (4.0 Version

Laboratory Location: 'I' Building, Hall No- 11, Department of English

Laboratory In charge (Hardware): Shri Computer, Shrirampur

Laboratory In charge: 1.Mr. S. L. Divekar

                    2. Smt. A.P. Londhe

Area: 800 sq. ft.

Consoles: A teacher console and 40 student consoles

5. **Evidence of Success:**

English Language Laboratory is stepping away from traditional drills and worksheets and getting the students more engaged in grammar and its functional usages. Teachers of the department are using it to cultivate decent pronunciation, to conduct guided study sessions, like- English-language videos, including movie trailers, news making , inspiring talks, etc. that come with clickable captions and built-in learning activities.

The Advanced Digital English Language Laboratory has provided an equal opportunity for the students. It also has offered psychological privacy to help even hesitant students to promote their speaking ability.

A linguistic interaction between the teacher and 40 students in the laboratory has become healthy because the necessary attention is given to each student. The Laboratory is effectively utilized by the students and faculty members for various self-enhancements. Laboratory has proved beneficial for those students who were weak in the use of English language. Students from rural background who are generally weak in English can have sufficient ear training in the language lab.

Majority of the students are selected in education, media, corporate, etc., and some of them have opted for PG as well as further education. We take pride in mentioning that most of our students are working in TBSS, Infosys and Conneqt as Customer Executives and Team leaders while completing their education from the department. As an outcome of Functional English course numbers of students are working as teachers in English Medium schools in the vicinity after completing their education. As a result of Soft Skills Development Programme many of the students have joined Civil Services, Administrative Sectors, Banking Sectors and various corporate sectors.

6. **Problems Encountered and Resources Required:**

Problems Encountered:

1. Socio- economic background affects a lot for the enrollment to the courses, like- Functional English.
2. The students from vernacular medium are not ready to take admission.

Resources Required:

1. Proficient and trained language Trainer.
2. Financial support from the govt.

7. **Notes (Optional)**

Activity Report

Name of Activity	Hands on Training and Career Opportunities in Pharma Industries
Activity Date	24th April, 2023
Time	11.00 am
Type of Participant	PG Students of Chemistry Department
No. of Participant	82

The Department of Chemistry and the Placement Cell of R. B. Narayanrao Borawake College jointly organized one-day workshop on "Career Opportunities in Pharma Industries On 24h April 2023. Mr. Datta Thopate, director Chemsar Research Institute was keynote speaker of workshop. The workshop aimed to provide students with valuable insights into the varied career prospects in the pharmaceutical sector.

The program commenced with a moment of homage to the great visionary and social reformer, Karmveer Bhaurao Patil, through garlanding as a mark of respect and gratitude for his contributions to education and society. Dr. Pravin Badadhe, the Incharge Principal of the college, gracefully chaired the event, emphasizing the significance of workshop in guiding students towards making informed career choices and encouraging them to explore opportunities in the pharmaceutical industry.

The program proceeded with an introduction to the esteemed speaker and the lecture's agenda, delivered by Dr. Amarnath Jagdale, the Head of the Department of Chemistry. This introduction shed light on Mr. Datta Thopate professional expertise and accomplishments in the pharmaceutical sector, fostering excitement and anticipation among the students.

The keynote Speaker Mr. Datta Thopate, fascinated the students with his intense knowledge and industry insights. He spoke at length about the evolving landscape of the pharmaceutical sector, emerging trends, and the career opportunities available to aspiring individuals. Students were enriched with valuable information regarding research and development, quality control, regulatory affairs, marketing, and various other domains within the pharmaceutical industry. Following the lecture, a lively interaction session allowed students to pose their queries, which Mr. Datta Thopate graciously addressed, further enriching their understanding and enthusiasm.

Dr. Sachin Kunde, placement cell coordinator delivered a heartfelt vote of thanks. He expressed gratitude to Mr. Datta Thopate for sharing his knowledge and experiences, Dr. Pravin Badadhe and Dr. A. N. Jagdale for his support and all the faculty members, students, and attendees for making the event a resounding success.

The workshop on " Hands on Training and Career Opportunities in Pharma Industries " proved to be a highly educational and inspirational event, offering students valuable insights and

guidance for their future activities. The efforts of the Department of Chemistry and the Placement Cell in organizing such events are commendable, as they continue to empower students with the knowledge and exposure necessary to make informed career choices.
